इस तरह के प्रश्नों में एक अपूर्ण आकृति (incomplete figure) दी होती है जिसमें उसका कुछ भाग विलुप्त होता है। साधारणतया यह विलुप्त भाग पूर्ण आकृति का एक चौथाई भाग होता है । इसे पूरा करने के लिए प्रत्येक प्रश्न में चार विकल्प दिये होते हैं। परीक्षार्थियों को इन्हीं चार विकल्पों में से सही विकल्प चुनकर प्रश्न आकृति के भाग को पूरा करना होता है ताकि प्रश्नाकृति का पैटर्न पूर्ण हो जाये।

**In such questions, an incomplete figure is given in which some part of it is missing. Generally this missing part is one fourth of the full figure. To complete it, four options are given in each question. Candidates have to complete the part of the question shape by choosing the correct option from these four options so that the pattern of the question shape is complete.**
